

Spring Symposium - Grant Application

The purpose of the SIGUCCS Grant program is to provide partial support for employees in institutions of higher education to participate in the annual Spring Management Symposium. We particularly encourage submissions from employees at institutions that have not participated in the Spring Symposium in the past five years.

The grant consists of a full registration for the symposium (the technical program and a number of meals), and up to three nights of lodging during the symposium at the symposium hotel. All additional costs, including pre-conference executive seminar registration, must be assumed by the award recipient, hopefully with support from his or her institution.

The following information must be submitted to siguccs_awards@acm.org between November 1 and December 31. The winners will be notified by email by January 24, and must accept by January 31 by sending email to siguccs_awards@acm.org.

Date:
Name:
Address:
